Method

Create several rows.

Layering

for a full mane.

Step 11: Shape the Mane

Separate the strands into sections.

Twist some strands.

Leave others loose.

Create flowing curves along the neck.

Secure selected sections with small invisible stitches.

Allow several strands to drape naturally over the forehead.

This creates the realistic appearance shown in the image.

Step 12: Add Surface Crochet Details

Using dark brown yarn.

Work surface slip stitches around:

- Ear edges
- Neck contours
- Facial shading areas

This adds depth and dimension.

Center it slightly left of the background panel.

Attach securely.

Position the head overlapping the neck.

Attach ears.

Add muzzle.

Attach eyes.

Arrange and sew the mane.

Make sure the portrait appears slightly raised above the mesh background.

Step 14: Final Shaping

Use steam blocking carefully.

Shape:

- Ears
- Muzzle
- Neck curves
- Mane flow

Avoid flattening the dimensional mane.

Allow everything to cool and dry completely.

Step 15: Finishing Touches

Weave in all ends.

Inspect all sewn sections.

Add extra shading with embroidery if desired.

Attach a hanging loop to the back.
